Dear **Dir. Aquino**:

This is with regards to our previous letter regarding on the conduct of the webinar orientation series on the DOST Courseware and 21<sup>st</sup> Century Learning Environment Model entitled "**New Practices in Science and Mathematics Teaching and Learning**". As part of our 2020 NSTW Celebration and to meet our objective to motivate young people and at the same time to capacitate STEM educators we increased the number of participants that can join to the said webinar sessions.

In this regard, we will be having 4 sessions from November 23-24, 2020 and the assigned personnel can share the link to their Math and Science teachers aside from the identified participants but it will be limited to 2,000 participants per session only. We believe that this will help to optimize, streamline, and standardize educational lesson presentation in Science and Mathematics through the use of cost-effective and high-quality solutions

CCMD

In addition, we would like to invite you to give an inspirational message or a video recording during the Closing Program via **Microsoft Teams** at 02:45 PM on November 24, 2020 and will be livestreamed on DOST 1 official Facebook Page. Also, attached is the schedule of activities and webinar orientation links for your information and assistance.
