MR. TOLENTINO G. AQUINO
Director IV
Office of the Regional Director
Flores St., Catbangan
San Fernando City, La Union

Attention: **Mr. Jaime Campos**
Science Supervisor

Dear **Director Aquino**:

Greetings from the Philippine Space Agency (PhilSA)!

We would like to express our appreciation to the Office of the Regional Director for accommodating our request for a meeting on 18 July 2024. The said coordination meeting was an initial step in realizing the project's objective to reach more Filipino students and gain appreciation of the emerging field of space science and technology applications (SSTA) as well as space law and diplomacy.

Following the initial agreements in the said meeting, we would like to formally turnover the 100 copies of the children's books "**Si Tala at ang Kanyang Lakbay Kalawakan**" for distribution to several elementary schools and their respective libraries within the 14 Schools Divisions in the region and for inclusion to the National Reading Program under the Matatag Curriculum. We trust that Department of Education (DepEd) will be able to identify the best strategy to distribute the book to the schools in the Region despite the limited quantity at the moment.

In addition, we would like to receive feedback on the distribution status and assessment of the book after its turnover. It is important for PhilSA to track the progress of the book distribution in the country and report its result to the Philippine Space Council (PSC) chaired by the Philippine President in the next scheduled meeting. We would also appreciate it if your Office would be able to share photos, press releases on its website and social media platforms, and report on its activities related to the book for documentation. We will be working on an online feedback report system to effectively and efficiently receive, track, and assess reports or feedback on the book.

Enclosed in this letter are the 100 copies of the children's book and the acknowledgement letter. The e-copy of the book can be accessed on <https://philsa.gov.ph/books/si-tala-at-ang-kanyang-lakbay-kalawakan/>.

Should you have any concerns and/or clarifications, you may reach us through (02) 8568 99 31 and look for Ms. Mary Angelie B. Sto. Domingo, Supervising Science Research Specialist of the Space International Cooperation Division or via email at spicb@philsa.gov.ph and sicd@philsa.gov.ph.

Thank you very much for your support.

Sincerely,

ATTY. NOELLE RIZA D. CASTILLO
Director IV
