**GUIDELINES ON THE USE OF BALANCES FROM FISCAL YEAR 2025
(REPUBLIC ACT NO. 12116) FUNDS UNDER THE LEARNING
SYSTEMS STRAND**

I. RATIONALE

The Philippine Constitution states that "[t]he State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all"¹ and that "[t]he State shall maintain, and support a complete, adequate and integrated system of education relevant to the needs of the people and society."²

In line with its continuous efforts to provide equitable and quality basic education, the Department of Education (DepEd or Department) has issued this Order for the use of balances of unobligated Program Support Funds (PSFs) downloaded and/or directly released funds for the Fiscal Year (FY) 2025. This Order is designed to utilize existing yet unobligated funds for chosen priority projects within the same line item in compliance with the General Appropriations Act for Fiscal Year 2025 and the National Budget Circular No. 595.

The primary objective of the planned use of balances of PSFs is to expedite the utilization of resources under the Learning Systems (LS) Strand. In line with this, the reprioritization of funds towards priority programs, activities, projects (PAPs), ensures that PSFs are directed toward urgent and high-impact needs while strengthening fiscal responsibility. The failure to use these unobligated funds may result in underperformance of programs, missed opportunities to address pressing educational requirements, and delays in service delivery.

II. SCOPE

This Order serves as a directive to Regional Offices (ROs) regarding the use of balances of unobligated funds the FY 2025 for priority PAPs identified by the LS Strand.

However, reckoning of these balances shall exclude, subject to further guidelines issued by the Office of the Undersecretary for Learning Systems (OULS), PSFs already allocated for the Academic Recovery and Accessible Learning (ARAL) Program, under the Joint Memorandum dated 17 July 2025.

III. DEFINITION OF TERMS

For these guidelines, the following terms are operationally defined:

- a. **Flexible Learning Options (FLO)** refers to a menu of possible learning interventions and pathways responsive to learners' needs, context,

¹ Article XIV, Sec. 1, 1987 Philippine Constitution.

² Article XIV, Sec. 2, 1987 Philippine Constitution.

circumstances, and diversity. It allows for variations in the organization, approaches, and teaching and learning modalities. It is helpful for learners who are at risk of dropping out, children and youth who are out of school, adults who failed to finish basic education, learners with special needs, learners with extreme difficulty in accessing schools, or those who attend overpopulated schools, and learners in an emergency.³

b. **Program / Activity / Project (PAP)** refers to any work process or group of work processes undertaken to realize the outputs and outcomes of an agency. This is represented by an item of appropriation in the national budget.⁴

i. **Program.** A group of activities and projects that contribute to a particular outcome. A program should have the following: 1) unique expected results or outcomes; 2) a clear target population or client group external to the agency; 3) a defined method of intervention to achieve the desired result; and 4) a clear management structure that defines accountabilities.⁵

ii. **Activity.** A work process that contributes to the implementation of a program, sub-program, or project.⁶

iii. **Project.** A special undertaking carried out within a definite timeframe and intended to result in some pre-determined measure of goods and services.⁷

c. **Program Support Fund (PSF)** are the funds provided for program implementation at the regional, schools division, or school level to ensure achievement of the target outputs and outcomes of the program. Funds for this may be directly released through the a) General Appropriations Act or DBM Circular on Release of Funds or b) downloaded through Sub-Allotment Release Order (Sub-ARO).

d. **Related PAPs** refer to PAPs that contribute to a common particular outcome aligned with the objective of this Order, specifically involving operational requirements or support services essential to program delivery.

e. **Unobligated Allotments** refers to portions or balances of any allotment free from any obligation or encumbrance which are still available after the completion or final discontinuance or abandonment of the work, activity or purpose for which the appropriation is authorized.⁸

IV. POLICY STATEMENT

The DepEd, as part of its commitment to accelerate the delivery of basic education and promote quality education, establishes this Order that shall govern the use of

balances of unobligated funds for the FY 2025 within the same line item to priority strategic PAPs allowing the efficient use of public funds, and the timely implementation of programs, activities, and projects directed towards completing learning resources of students and providing comprehensive toolkits for teachers.

V. PROCEDURE

The PSFs downloaded to the ROs are allocated to specified PAPs under four (4) categories: (1) Basic Education Curriculum, (2) Flexible Learning Options (both Learning Resources, and Alternative Delivery Modes), (3) Learning Tools and Equipment, and (4) Textbooks and Other Instructional Materials, as enumerated in **Annex A**. The directly released funds to the ROs are detailed in **Annex B**. The amounts therein are based on the budget utilization reports submitted as of 30 June 2025.

Accordingly, a review of the unobligated funds of the covered PAPs has identified unobligated funds from certain PAPs of the ROs under each line item that will be discontinued. Thus, to ensure alignment with the approved purpose of these unobligated funds, the said funds shall be used to support other priority PAPs that are of the same nature as those originally funded within the respective line item, as outlined in **Annex C**.

Thus, the ROs, within fifteen (15) days from the issuance of this Order, are hereby directed to submit to the Office of the Undersecretary for Learning Systems (OULS) the actual balances of their respective funds as of the date of the issuance of this Order. In the event that such balances are insufficient to cover the funding requirements of the priority projects listed in **Annex C**, the same shall likewise be reported to the OULS. The OULS may download additional funds to cover priority projects with insufficient funding subject to the availability of funds.

Any excess amount or resulting balance may be utilized for any other PAPs related to the purpose of this Order, subject to applicable budgeting, accounting, auditing, and procurement laws, rules, and regulations.

Furthermore, for excess and/or unutilized PSFs for FY 2025 further released by the ROs to their respective School Division Offices (SDOs), the ROs shall be granted authority to determine the most appropriate mechanism to optimize the use of such balances — whether through pooling of funds or by providing directives to the SDOs on their utilization — consistent with the priority PAPs identified in this Order, thereby ensuring both efficiency and flexibility.

VI. FUNDING

The fund shall be sourced from the existing yet unobligated PSFs downloaded and/or directly released funds for FY 2025 to chosen priority PAPs. The purpose of using the balances of the PSFs and/or directly released funds is for the efficient utilization of public funds to ensure that the Department's programs and projects deliver maximum benefits to their intended stakeholders.

The PSFs shall be flexible. This means that the excess funds for any of the abovementioned eligible expenses may be used for other expenses not mentioned in

this Order provided that such shall be utilized solely for the conduct of identified priority PAPs.

In case that the downloaded PSFs are insufficient to cover the eligible expenses incurred, local funds or other eligible source/s of funds, such as directly released funds of the ROs, may be utilized for the priority PAPs identified in this Order, subject to the applicable government accounting and auditing rules and regulations.

However, PSFs already allocated for the Academic Recovery and Accessible Learning (ARAL) Program, under the Joint Memorandum dated 17 July 2025,⁹ shall not be utilized to fund the priority PAPs identified in **Annex C** of this Order, subject to future guidelines that may be issued by the OULS.

VII. MONITORING

The implementation of this Order shall be closely monitored by the LS Strand, through the OULS, to ensure the integrity, transparency, and effective execution of the use of balances of unobligated PSFs.

To facilitate the implementation of this Order, the Technical Assistant III hired by the RO shall continue to monitor fund utilization and the status of procurement activities relating to LS programs in line with the provisions of this Order. The OULS shall download additional funds for the salaries of the Technical Assistant IIIs for the period 1 January 2026 to 31 December 2026.

Monitoring activities shall include, among others, the regular submission of Physical and Financial Accomplishment Reports by the Regional Office to the OULS and the assessment of these reports by the OULS in compliance with the prescribed guidelines and with the intended purposes under the same line items. Any deviations or irregularities shall be promptly reported to the OULS for appropriate action.

VIII. REPEALING CLAUSE

All previously issued guidelines, rules, and orders governing the initial use of the identified PSFs are hereby repealed or rescinded, including, but not limited to, the following:
